Dear Sayville Community Members:

As your Superintendent of Schools, I am excited about moving forward with plans for this new academic year. I feel confident that, here in the Sayville School District, we offer our children the best in education by always thinking ahead. As you can see from the printed School District Calendar, we do mean that literally.

Many of the functions for the upcoming year will be of interest to our parents and community members alike. The professional caliber and highly entertaining student art shows, concerts, dramatic performances, musicals, and athletic competitions not only enhance our students’ learning experiences, but are examples of excellence made possible by your support. We encourage you to attend, enjoy, and take pride in our student accomplishments.

Now, more than ever, continuing this tradition of excellence in Sayville Schools depends on collaboration and innovations between school and community. Join us at our District Board of Education Workshop and Business meetings. These are usually held on the first two Thursdays of the month during the academic year. Consult the Calendar, however, for actual dates. Also, please consider becoming better acquainted with the members who volunteer their time and expertise to the schools. These people—members of the Board of Education, PTAs, Site-Based Teams, and Booster organizations—help make Sayville such a thriving community.

Finally, check out the School Calendar Information Pages for basic district information and phone numbers, as well as district, state, and federal policies and procedures that can help our parents and students maneuver through the school year.

On behalf of the Board of Education, all Sayville District Administrators, faculty, and staff, I hope you will share our enthusiasm and pride in the exceptional educational promise of our children.

Sincerely,
Rosemary F. Jones, Ed.D.

**ABSENTEE NOTIFICATION**

The school district provides an absentee notification service providing communication between the school and parents in the case of student absence. The service operates for all schools.

When your child will be absent you are requested to call one of the ATTENDANCE numbers (see list on left).

Give the following information to the telephone answering machine:

- a) Child’s name
- b) Grade level
- c) Teacher if elementary student, Homeroom if secondary student
- d) Date of absence
- e) Reason for absence

**PLEASE DO NOT GIVE ANY OTHER INFORMATION!!!**

An attendance aide will call the parents of those students whose absences have not been reported to the school. However, we urge all parents to report upcoming student absences through the notification service.

The high school will contact homes of absent students on a daily basis.

Please be aware that the school district cannot assume responsibility in locating unaccounted for children beyond a check of the child’s school.
The Sayville School District may use the delayed school opening procedure on days of inclement weather when it appears that school can be opened safely at a later time. If the situation permits, schools will delay opening up to one and one-half (1 1/2) hours later than the usual schedule and will adjust their days accordingly so that classes end at the normal time. Children will be transported home on the regular transportation schedule. For information on Delays or Closings, check:
- the District’s Website Homepage www.sayville.k12.ny.us after 5 a.m. for the Closing Alert scroll.
- radio stations WALK (1370 AM or 97.5 FM) and WBLI (106.1 FM).
- television’s News12 Long Island.
- go to www.cancellations.com, input your zip code, and look for the school district.

REGISTRATION OF NEW STUDENTS
Students who will be entering Sayville Schools for the first time in September must be registered prior to the opening of school. Early registration results in better planning in terms of the child’s program and balancing of class sizes.

All families new to the school district are asked to register their students at the Pupil Personnel Services Office in the Administrative Offices, 99 Greeley Avenue, Sayville.

To register, the following forms are required:
- transfer card from previous school
- latest report card
- original birth certificate
- immunization record
- verification of residence such as mortgage agreement, tax bill or lease—utility bills are NOT accepted!
- proof of custody

For kindergarten registration, the parent is required to bring proof of the child’s age. A child must reach his/her fifth birthday on or before December 1st to be eligible for kindergarten in the following September.

The NYS Public Health Law requires that each student enrolling in school have immunizations against polio (three), diphtheria (three), mumps, rubella (two); and for all children born on or after 1993 as well as all Seventh-Graders, hepatitis B (three). Parents are required to bring written proof of the mandated immunizations when registering a child.

CENSUS
To plan adequately for the District’s educational needs, we continually update our census data to identify all children, ages birth to 18, who reside in the District. New residents are asked to call the Pupil Personnel Services Office at 244-6505 to provide us with pertinent family information. We also request that residents inform the District of new births. This information is vital to projecting future programs and determining building needs.

TRANSPORTATION TO CHILD CARE CENTERS
Transportation for elementary children to Child Care Centers located within the district will begin Thursday, September 6, 2007 for those elementary pupils whose parents have filed an application and who meet the voter-approved distance requirements as follows:
- Students in Grades K-2 receive transportation if they live ½ mile or more from school;
- Students in Grades 3-5 receive transportation if they live 1 mile or more from school;
- Students in Grades 6-12 receive transportation if they live 1½ miles or more from school.

The LEAP Program is now located at the Cherry Avenue School. The Transportation Office mails application forms to all elementary students in August. Forms are also available at the following sites:
- New Life Community Church (Lakeland Ave.)
School Health Services

Testing

A gross screening of vision is completed for new entrants. A distance acuity screening is done for grades K-3, 5, 7 and 10. The parent is notified if a possible defect is suspected and it is then recommended that arrangements be made for a complete eye examination.

A screening of hearing is also completed for new entrants and annually for grades K, 1, 3, 5, 7, and 10. Parents are notified if a hearing loss is suspected.

Screenings

A physical screening is conducted in grades K, 2, 4, 7, and 10 and for new entrants by the school physician on those students who are not examined by a family doctor. Parents must arrange for this physical examination within 12 months of the first day of school. If, during the school physician’s observation, a problem is suspected, parents are notified. It then becomes the parents’ responsibility to have the condition checked by the physician of their choice.

As mandated by New York State Law, children in grades 5 to 9 are screened annually for scoliosis (curvature of the spine) by the school nurse. Parents who do not wish school health personnel to perform this screening may have it completed by a family physician provided the results of the screening are forwarded to the nurse of the school which the child attends. Heights and weights are checked and recorded annually.

Food and Nutrition

Food Service Director,
Linda Horrigan, R.D.

The school lunch program operates on a self-sustaining basis without subsidies from local tax dollars.

The Board of Education has established a policy that no child should be deprived of a school lunch because (s)he is economically disadvantaged. Pupils may be provided free or reduced-price breakfast and lunch on a continuing, intermittent, or emergency basis when family circumstances require it. Required application forms will be mailed in August and are also available in each building principal’s office. A separate application form for each child is required each school year.

To help serve your child better, please advise our department of any food allergies, intolerances, or dietary concerns.

Safe & Drug-Free Schools & Communities Act

Under the SDFSCA, the Sayville Public School District has adopted and implemented a program to prevent the use of illegal drugs and alcohol by students and employees. These programs are coordinated among all grade levels and disciplines.

Copies of the standards of conduct (Board Policy 5312.1) and the statement of sanctions (Drug & Alcohol Abuse Regulation 5312.1-R) are available to parents, students, and employees through the Office of Pupil Personnel Services. Compliance with standards is mandatory under regulations outlined by the United States Department of Education.
The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student’s educational records. They are:

(1) The right to inspect and review the student’s education records within 45 days of the day the District receives a request for access. Parents or eligible students should submit to the District’s Records Access Officer, hereby referred to as the administrator, a written request that identifies the record(s) they wish to inspect. The administrator will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask Sayville School District to amend a record that they believe is inaccurate or misleading. They should write the administrator, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. The District intends to forward records on request of that district.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington D.C.

Pupil Personnel Services

Pupil Personnel Services are those support services which supplement the academic program. Programs include guidance, speech, health, psychological, social work, English as a second language, student assistance, and attendance. Pupil Personnel Services staff members strive to ensure that educational, vocational, and personal goals are realized by all pupils.

Special Education

The district offers a full continuum of special education services at all grade levels for students who have been identified as having an educational disability by the Committee on Special Education (CSE) or the Committee on Preschool Special Education (CPSE). New York State Special Education regulations and information about identifying children with Special Education needs are available at the Special Education Office (99 Greeley Avenue). Anyone with knowledge or suspects a child has an educational disability, including those who attend private schools within the District’s boundaries, who have not been identified, should contact the Coordinator for Special Education at 244-6545.
STANDARDIZED TESTING

The New York State Board of Regents has set higher learning standards for all students. To reach these standards, the State has developed tests that demonstrate the students’ abilities to read, write, listen, and use mathematics.

All students in Grades Three through Eight will take the New York Assessments in Mathematics and English Language Arts. Additionally, students in Grades Four will take the NYS Science Assessment; students in Grade Five will take the NYS Social Studies Assessment; and students in Grade Eight will take NYS Science, Social Studies, and Technology Assessments. Terra Nova Assessments will be given only to students in Grade Two.

At the high school level, the Board of Regents is phasing in new Regents Tests and increased graduation requirements. For further information on these new tests and graduation requirements, please refer to the student handbook or contact your child’s guidance counselor.

RELEASE OF INFORMATION ABOUT STUDENTS TO THE PUBLIC

Unless an objection to any of the specific items of information following is submitted in writing, before September 30, 2007, by parents or legal guardians, or by those students themselves who are over the age of eighteen years, the Sayville Public School District herewith gives notice of intention to provide, release or publish in local, school or student newspapers, magazines, school web page, yearbooks or other publications, daily or weekly newspapers, athletic programs, musical or theatrical programs, or news releases, any or all of the following information pertaining to students as may be appropriate under the circumstances: name of student, names of parents, address, age, height, weight, grade, major field of study, photographs, student participation in recognized school activities, extracurricular activities and sports programs, academic honors, achievements, awards, scholarships and similar information. In addition, the School District intends to display, post, and show videotape of students at school functions and/or activities for use with classroom instruction. Under Title 45, U.S. Code, Part 99, Privacy Rights of Parents and Students, parents who do not desire release of any of the above directory information during the 2007-2008 school year must make specific requests in writing to the Sayville Public School District, Director of Pupil Personnel Services, 99 Greeley Avenue. Failure to make such a request shall be deemed consent. The Sayville Public Schools are in compliance with the Family Education Rights and Privacy Act.

GIFTED & TALENTED PROGRAM

In an effort to meet the special needs of our students, the district provides a variety of enrichment and accelerated programs at the elementary, middle, and high schools. Selected students at the elementary and middle levels participate in the gifted and talented programs. These programs, known as “SEED” and “Challenge,” provide students with expanded opportunities to pursue individual interests and enriching curriculum.

SEXUAL HARASSMENT

The Board of Education is committed to safeguarding the right of all students within the school district to learn in an environment that is free from all forms of sexual harassment. Conduct of a sexual nature is deemed to be sexual harassment when the recipient perceives such behavior as unwelcome. It is irrelevant that the harasser had no intention to sexually harass the person. The Board recognizes that sexual harassment of students can originate from a person of either sex against a person of the opposite or same sex, and from peers as well as employees, or any individual who foreseeably might come in contact with students on school grounds or at school-sponsored activities. When an alleged sexual harassment occurs and the district knows about it, immediate and appropriate corrective action shall be taken. The Board, consistent with state and federal laws, as well as Board Policy Nos. 0100, 0100R, and 5020.1, therefore condemns all unwelcome behavior of a sexual nature which may impose a requirement of sexual cooperation as a condition of academic advance, or which may have the purpose or effect of creating an intimidating, hostile, or offensive learning environment. The Board also prohibits any retaliatory behavior against complainants or any witnesses.

SEARCH AND SEIZURE OF LOCKER AND PERSON

Students have constitutional rights to privacy; however, the special nature of an educational institution gives school authorities greater freedom than police to search students. A locker is school property, which school officials can open and search for any reason, especially if they have reason to believe it contains inappropriate items or if health and safety issues are involved. A student does not have a reasonable expectation of privacy for his or her locker. A student, his or her possessions, or vehicle on school property can be searched if school officials have reasonable suspicion that such a search will result in evidence of a violation of state law or school rules. School officials have the right to perform a random, suspicionless search of school lockers.

GRIEVANCE PROCEDURES

FOR RESOLUTION OF COMPLAINTS ALLEGING DISCRIMINATION BASED UPON SEX OR HANDICAP:

1. Any student or employee in the School District who wishes to file a complaint regarding alleged discrimination based upon sex (including sexual harassment) or handicap shall make such a complaint in writing on forms available in any of the school offices: Administrative Offices, High School Main Office and Guidance Office, Middle School Main Office and Guidance Office, and Elementary School Main Offices.

2. Said form should be given to Stephanie Lamanno, District Title IX Compliance Officer and Section 504 Compliance Officer.

3. The Compliance Officer or designee will then:
   a. Investigate, within one week (seven calendar days), the circumstances of the complaint.
   b. Render a decision, within two weeks (fourteen calendar days) after receipt of complaint, and notify the Complainant.
   c. Provide the Complainant one week (seven calendar days) to react to the decision before it becomes final.

For copies of these policies or additional information, call the Office of Pupil Personnel Services.
The Board of Education is committed to providing a safe and orderly school environment where students may receive, and district personnel may deliver, quality educational services without disruption or interference. Responsible behavior by students, teachers, other district personnel, parents and other visitors is essential in achieving this goal.

The district has a longstanding set of expectations for conduct on school property and at school functions. These expectations are based on the principles of civility, mutual respect, citizenship, character, tolerance, honesty, and integrity.

Dr. Rosemary F. Jones
Superintendent of Schools

Students who violate the student dress code shall be required to modify their appearance by covering or removing the offending item, and if necessary or practical, replacing it with an acceptable item. Any student who refuses to do so shall be subject to discipline, up to and including being placed in an alternative learning center for the day. Any student who repeatedly fails to comply with the dress code shall be subject to further discipline, up to and including out-of-school suspension.

The document above is a summary of the Code of Conduct that was developed in accordance with the State Education Commissioner’s regulations for Project SAVE. The complete text of the code is incorporated into the Board Policy Manual. Copies are available in all the district school buildings and the Sayville Public Library. This document in no way limits the Superintendent or the Board of Education in taking whatever action is necessary to provide a safe school environment.
President Bush signed NCLB legislation into law on January 8, 2002. It will remain in effect for six years. At that time it will be reviewed and reauthorized. The primary focus of Title I is improving the academic achievement of disadvantaged students. For school districts receiving Title I funds, there are a number of notices which must be shared with the public. These notices are noted and described below.

**MILITARY RECRUITING**
Parents of high school students: Districts receiving federal education funds under the No Child Left Behind Act must, upon request, provide military recruiters and institutions of higher learning the names, addresses, and telephone numbers of high school students. This is unless students and their parents exercise their right to prohibit release of the information without prior written parental consent. In addition, districts must provide military recruiters with the same access to high school students generally provided to college and universities or prospective employers.

**EQUAL ACCESS**
School districts that allow outside groups to use public facilities may not deny access to, or discriminate against, the Boy Scouts of America or other youth groups listed as a patriotic society in Title 36 of the U.S. Code, based on the group’s membership or leadership criteria or oath of allegiance to God and country. Patriotic society youth groups other than the Boy Scouts include, for example, the Girls Scouts and the Boys and Girls Clubs of America.

**SUPPLEMENTAL EDUCATION SERVICES**
When schools receiving Title I funds fail to make adequate yearly progress for at least three consecutive years, those schools must make supplemental education services available to eligible students from low-income families who attend those schools. In addition, schools that continue to fail in subsequent years and are consequently identified for corrective action and/or restructuring, must continue to offer supplemental services to eligible students. School districts required to arrange for the provision of supplemental education services must meet annually, give parents of eligible students notice of the availability of the services, the identity of such providers, and a brief description of the services, qualifications, and demonstrated effectiveness of each provider. Supplemental education services must be provided outside of the regular school day. A school district is not required to provide transportation to students receiving supplemental educational services.

**PLACEMENT IN A LANGUAGE INSTRUCTION EDUCATIONAL PROGRAM, BILINGUAL OR ENGLISH AS A SECOND LANGUAGE PROGRAM**
Parent Notification: Pursuant to No Child Left Behind and Commissioner’s Regulations, parents or guardians must be notified of their child’s placement in a manner and/or language that they can understand, be it a language instruction educational program, instructional bilingual, or free-standing English-as-a-second-language program. Parents must be informed of their options regarding their child’s placement in any such program. Parent notification is required by the district within 30 days after the start of the school year, or within two weeks of placement in a program when the student was not identified as limited English-proficient before the start of the year.

**PARENTS RIGHT TO KNOW:**
**HIGHLY QUALIFIED TEACHERS**
NCLB raises requirements for teachers and requires states to report on teacher quality. If your child attends a Title I* school, parents have the right to know:

- If your child’s teacher is qualified and certified to teach a certain grade or subject
- The teacher’s level of education (such as a bachelor’s or master’s degree)
- What was the teacher’s course of study or major
- If your child’s teacher is teaching under emergency or provisional status (as defined by your state).

*Title I is a federal assistance program
Each of the five Sayville schools has a Site-Based Team. The SBT holds its monthly meetings to further the interests of academic excellence.

The Site-Based Team is a group of individuals which consists of school administrators, faculty members, and parents who meet “on site” at the school building to:

- Develop goals for improving student achievement
- Set goals for the building that are consistent with District goals and Regents goals
- Build goals that should focus on student achievement and/or enhancing the school environment.
- The teams are also involved in the interview process for teaching positions.

To be a parent team member, you must have a child in the school to which you are applying, be able to make a two-year commitment, and attend the monthly meetings. Not only are all parents invited to attend the monthly meetings, they are encouraged to get involved on subcommittees throughout the school year.

Please note the SBT Meetings for your school in the calendar grids of this publication.

New York State Education Law Section 409-H, effective July 1, 2001, requires all public and nonpublic elementary and secondary schools to provide written notification to all persons in parental relationships, faculty, and staff regarding the potential use of pesticides periodically throughout the school year.

The Sayville School District is required to maintain a list of persons in parental relation, faculty, and staff who wish to receive 48-hour prior written notification of certain pesticide applications. The following pesticide applications are not subject to prior notification requirements:

- A school remaining unoccupied for a continuous 72 hours following an application;
- Antimicrobial products;
- Nonvolatile rodenticides in tamper-resistant bait stations in areas inaccessible to children;
- Nonvolatile insecticidal baits in tamper-resistant bait stations in areas inaccessible to children;
- Silica gels and other nonvolatile ready-to-use pastes, foams, or gels in areas inaccessible to children;
- Boric acid and disodium octaborate tetrahydrate;
- The application of EPA-designated biopesticides;
- The application of EPA-designated exempt materials under 40CFR152.25;
- The use of aerosol products with a directed spray in containers of 18 fluid ounces or less, when used to protect individuals from an imminent threat from stinging and biting insects including venomous spiders, bees, wasps, and hornets.

In the event of an emergency application necessary to protect against an imminent threat to human health, a good faith effort will be made to supply written notification to those on the 48-hour prior notification list.

If you would like to receive 48-hour prior notification of pesticide applications that are scheduled to occur in your school, please complete the Pesticide Notification form available in the district office and return it to the Sayville Public Schools pesticide representative, Daniel Casali, at: 99 Greeley Avenue, Sayville 11782; 244-6550, (fax) 244-6541.
NOTE: For a student to be awarded a scholarship from those organizations, a parent must be a member of SMBA, SAVA, and/or MS/HS PTA.
The 2007-2008 Sayville Public Schools Calendar was prepared by Linda A. Mittiga, Richard Kiessling, and Julie Vaccaro, in conjunction with Art Department Chairperson Julia Lang-Shapiro and the Sayville art faculty. This year’s calendar art was created by last year’s Sayville students. Grade-level identification reflects the year in which the work was done—not this current, academic year.
