

# A Letter to Our Shining Stars

Today is your day to beam with recognition as our everyday heroes. You emit positive energy brightening other's lives at Sayville Middle School. Webster's dictionary defines a hero as, "a person admired for achievements or noble qualities, one who shows great courage." You make our school and community a better place to work, learn, and live. YOU are our heroes; we call YOU our shining stars!

Today's your day, our shining star,  
To be rewarded for all you are!  
You care, you think, you do what's right.  
You are our shining stars so bright.

We are most proud of you today.  
Spread your kindness everyday!

Silently making right choices  
Helping without having to be asked-- and showing humility  
Intervening when you know it makes such a difference  
Not turning your back or looking the other way  
Initiating random acts of kindness  
Noticing when someone needs a friend  
Gaining respect for all you do and trying your best  
Showing others by example  
Taking time to think before you act  
Admitted for your diligence, perseverance and commitment  
Respected especially today, your special day to shine

**2008 SHINING STARS**

# A Letter to Our Shining Stars

Today is your day to beam with recognition as our everyday heroes. You emit positive energy brightening other's lives at Sayville Middle School. Webster's dictionary defines a hero as, "a person admired for achievements or noble qualities, one who shows great courage." You make our school and community a better place to work, learn, and live. YOU are our heroes; we call YOU our shining stars!

Today's your day, our shining star,  
To be rewarded for all you are!

You care, you think, you do what's right.  
You are our shining stars so bright.

We are most proud of you today.  
Spread your kindness everyday!

Silently making right choices  
Helping without having to be asked-- and showing humility  
Intervening when you know it makes such a difference  
Not turning your back or looking the other way  
Initiating random acts of kindness  
Noticing when someone needs a friend  
Gaining respect for all you do and trying your best  
Showing others by example  
Taking time to think before you act  
Admired for your diligence, perseverance and commitment  
Respected especially today, your special day to shine

ANGELO ANNARUMMA  
DANIEL DUFRENOY  
TIARE FRIDICH  
PAIGE KOLAR
