

A Letter to Our Shining Stars

Today is your day to beam with recognition as our everyday heroes. You emit positive energy brightening other's lives at Sayville Middle School. Webster's dictionary defines a hero as, "a person admired for achievements or noble qualities, one who shows great courage." You make our school and community a better place to work, learn, and live. YOU are our heroes; we call YOU our shining stars!

*Today's your day, our shining star,
To be rewarded for all you are
You care, you think, you do what's right.
You are our shining stars so bright
you today.
Spread your kindness everyday!*

We are most proud of

Raymond Ebarb

Silently making right choices
Helping without having to be asked-- and showing humility
Intervening when you know it makes such a difference
Not turning your back or looking the other way
Initiating random acts of kindness
Noticing when someone needs a friend
Gaining respect for all you do and trying your best
Showing others by example
Taking time to think before you act
Admired for your diligence, perseverance and commitment
Respected especially today, your special day to shine
